WILLIAM'S WORDS,

Which Concern the Fast Mails
in the West.

The Northwestern Extension from
Omaha to Denver

During Vanderbilt's recent visit to
Denver he was interviewed by a Tri-
bune reporter and among other things
is credited with the following:

"No, I know of no move for a fast
mail train to the west from Chicago.
At least the railroad men are not con-
sidering any proposition with such an
end in view," he replied to the first
question put to him.

"What is your opinion of the fast
train being put on between Chicago
and Denver, or, indeed, to San Fran-
cisco via Denver?"

"Yes, they would; but I have heard
of no such movement. A new mail
train, composed entirely of mail cars,
will soon begin running from Chicago
to New York, but it will make no
faster time than has been made for a
year and a half."

"What is your opinion of a fast
train being put on between Chicago
and Denver, or, indeed, to San Fran-
cisco via Denver?"

"With the constant improvements
now being made in the railway and
postal systems, such a move would
not be surprising. In fact, it may be
looked for at any time. The west is
calling for more accommodations and
better service, business is increasing,
and a fast mail train, as well as faster
trains of every description, might be
put on with benefit to all concerned."

"The Northwestern Extension from
Omaha to Denver?"

"Mr. Vanderbilt," said the reporter,
"there is another question which
is very important to Colorado and the
west, and that is, will the Chicago &
Northwestern be built to Denver?"

"At this moment Mr. Huggitt en-
tered the room—just in time to hear
the last few words of the reporter."

"Is such a thing being talked of?"
he asked, directing his words to the
scribe. The latter bowed and con-
fessed that such a rumor was preva-
lent.

"We have to go away from home to
hear the news," he quoted, smilingly.
"I can only say, young man, that
such a move is not contemplated, for
the present, at least," with a great
deal of emphasis on the word "pre-
sent."

"We have all we can attend to in
the northwestern states," he con-
cluded.

"Will any influence be brought to
bear upon the managers to have the
road built to this place?"

"I cannot say, I am sure." Here
Mr. Vanderbilt spoke up. "I am a
large owner in the Northwestern," he
said, "and no such project has ever
been talked of. Of course it is im-
possible to tell what the future will
bring forth." He then took a long
and copious draught of ice water,
which a bell hand had just brought
into the room.

"It may be remarked right here, pa-
renthetically, that Messrs. Kopp and
Huggitt very rarely travel for plea-
sure. They are two of the most ener-
getic and persistent workers in the
railroad world, and it would not be
natural for them to come to Denver
for no other purpose than that of look-
ing at the country. They are here to
look thoroughly into the railroad sys-
tem of Colorado and its management,
and they are getting the lay of the
land to consider the advisability of
continuing their road from Omaha to
Denver."

VANDERBILT AND THE UNION PACIFIC.

"Mr. Vanderbilt, is there any
truth in the statement that you are
inspecting the Union Pacific previous
to announcing that you have taken
control?"

"There is no truth in it, whatever.
I am simply here to look over the
country, and thus improve a few lei-
sure hours. It is well known that I
am interested in the Union Pacific."

"Is it not true that instead of sell-
ing your Union Pacific stock you have
been adding to your possessions in
that line?"

"My operations on 'Change or off
it, either, cannot not be considered
significant. I do a great many things
which are never known, and am given
credit for a great many things which
I never do."

"Your trip over the road can be
easily taken as a trip of inspection?"

"Yes it can; that's so; but we
have a very fast train to look over
inspecting. While we have been going
at a great speed we have been going
at a rate of not less than forty miles
an hour from New York last Friday until
our arrival here."

"What is your opinion of Western
roads generally?"

"I find them well ballasted, smooth,
well built, and equipped with good
rolling stock. They are much better
than one expects to find out here."

"Have you as yet rode over the
Denver & Rio Grande?"

"No, I have not, but I will before
returning to New York. I look for-
ward with pleasure to a trip over the
'Sonic Line' as you call it, and am
sure that I will enjoy it greatly. We
visit Leadville, you know."

ARMY ORDERS.

The latest army orders issued from
the headquarters of the department of
the Platte, Omaha, Neb., are as fol-
lows:

A general court martial is appointed
to meet at Fort D. A. Russell, Wyo.,
on the 16th day of October, 1882, or
as soon thereafter as practicable, for
the trial of Wm. H. McLean, troop
M, Third cavalry, and such other
persons as may be brought before it.

Details for the court: Major Joseph
W. Whann, pay department; Captain
Frederick Meers, Ninth infantry; and
J. Scott Payne, Fifth cavalry; First
Lieutenant Edgar B. Robertson, Ninth
infantry; Second Lieutenant Lester
W. Cornish, Fifth cavalry; First Lieu-
tenant Frank Mehlner, Fifth cavalry;
Judge advocate.

Private J. C. Brown, band, Fourth
infantry, is detailed on duty and will
report in person to the acting as-

sistant inspector general of the depart-

ment. Upon the recommendation of his
regimental commander, the unexpired
portion of the sentence awarded Pri-
vate John Mangel, company K,
Fourth infantry, promulgated in gen-
eral court martial orders, No. 17, cur-
rent series, from these headquarters,
is remitted.

Second Lieutenant Lorenzo L. C.
Brooks, Fifth cavalry, is relieved as
judge advocate of the general court
martial, convened at Fort Laramie,
Wyoming, by paragraph 2, special or-
ders, No. 103, current series, from these
headquarters.

Second Lieutenant Walter R. Stoll,
Ninth infantry, is detailed as judge
advocate of the general court martial,
convened at Fort Laramie, Wyoming,
by paragraph 2, special orders, No.
103, current series, from these head-
quarters.

TALK BETWEEN TOWNS
The Proposition for a Telephone Ex-
change Between Omaha and
Lincoln.

Stat. Journal.
Mr. Flemon Drake, of Omaha, gen-
eral manager of the Nebraska Tele-
phone company, is in Lincoln, for the
purpose of consulting our business
men in regard to the telephone line
which his company intends to build
between this city and Omaha. It is
expected that Lincoln will contribute
about \$2,500 as its share in this pro-
ject, but it will be more in the na-
ture of a loan than a contribution.

Mr. Drake's object is not as much to
secure the money as to interest our
business men and build up a solid
subscription list.

All are to be credited with the
amount they subscribe, and allowed
to do business within two years to
that amount, with the addition of a
liberal discount. That is, if a busi-
ness man (or firm) subscribes \$25, he
can receive it back in communications
with Omaha at 25 per cent discount
from the regular charges. If \$50 is
subscribed, 30 per cent discount will
be allowed, and 50 per cent on \$100.
These are most liberal inducements,
considering the great expense of con-
struction and maintenance of the line.

The rates will be at a very small
advance on the regular telegraphic
charge for a ten-word message, but it
must be remembered that five minutes
is given for conversation when the
connection is made, and the return
message is immediate and without
charge. If the subscriber be one of
the original contributors he avails
himself of the discount, which, in
case of a hundred dollar subscription,
makes the price of connection very low.

This inter-city scheme will be also
of value to the Lincoln exchange in-
sult by increasing the list of sub-
scribers, as has already been found.
The Nebraska Telephone company in-
tend to go to work immediately and
have the wire between Lincoln and
Omaha in complete running order by
the middle of December.

Persons recovering from wasting
diseases, such as malaria, fevers, etc.,
will be greatly benefited by the use
of Brown's Iron Bitter, a true tonic.

BREAKFAST.

"By a thorough knowledge of the natural laws
which govern the operations of digestion and
nutrition, and by a careful application of the
fine properties of well-selected Cocoa, Mr.
Epss has prepared his breakfast table with a
deliciously flavored beverage which may save
many heavy doctors' bills. It is by the judicious
use of such articles of diet that a constitution
may be gradually built up until strong enough
to resist every tendency to disease. Hundreds
of subtle maladies are floating around us ready
to take advantage of every weakness, and we
may escape many a fatal ailment by keeping our-
selves well fortified with pure blood and a prop-
erly nourished system. Civil Service, Seattle.

DR. FISHBLATT,

OF THE
DES MOINES MEDICAL DISPENSARY,
ON ACCOUNT OF HIS

Immense Practice In Omaha, Neb.,
WILL MAKE HIS NEXT VISIT ON

Tuesday, Nov. 7th, 1882,
AND WILL REMAIN THREE DAYS

AT THE
PAXTON HOTEL,
WHERE HE CAN BE CONSULTED ON THE

Eye & Ear, Throat & Lungs, Catarrh, Kidneys
AND
Bladder and Female Diseases as Well as All
Chronic and Nervous Diseases.

DR. FISHBLATT

Has discovered the greatest cure in the world for weakness of the back and limbs,
involuntary discharges, impotency, general debility, nervousness, languor, confusion of
ideas, palpitation of the heart, timidity, trembling, dizziness of sight or dizziness, dis-
eases of the head, throat, nose or skin, affections of the liver, lungs, stomach or bowels
—these terrible disorders, arising from solitary habits of youth—and secret practices
more fatal to the victim than the songs of Syrens to the mariners of Ulysses, blighting
their most radiant hopes or anticipations, rendering marriage impossible, and
those that are suffering from the evil practices, which destroy their mental and
physical system, causing

NERVOUS DEBILITY,
The symptoms of which are a dull, distressed mind, which unites them for performing
their business and social duties, makes happy marriages impossible, distresses the action
of the heart, causing flushes of heat, depression of spirits, evil forebodings, cow-
ardice, fears, dreams, restless nights, dizziness, forgetfulness, unnatural discharges, pain
in the back and hips, short breathing, melancholy, tear easily of company and have
preference to be alone, feeling as tired in the morning as when retiring, seminal weak-
ness, lost manhood, white lones deposit in the urine, nervousness, trembling, confusion in
thought, watery and weak eyes, dyspepsia, constipation, paleness, pain and weakness
in the limbs, etc., should consult me immediately and be restored to perfect health.

YOUNG MEN
Who have become victims of solitary vice, that dreadful and destructive habit which
annually sweeps to an untimely grave thousands of young men of exalted talent and
brilliant intellect who might otherwise entrance listening senators with the thunders of
their eloquence or waken to ecstasy the living lyre, may call with confidence.

MARRIAGE.
Married persons or young men contemplating marriage beware of physical weak-
ness. Loss of procreative power, impotency or any other disqualification speedily
relieved. He who places himself under the care of Dr. Fishblatt may religiously con-
fide in his honor as a gentleman, and confidently rely upon his skill as a physician.

ORGANS WEAKNESS
Immediately cured and full vigor restored. This distressing affection, which renders
life a burden and marriage impossible, is the penalty paid by the victim for improper
indulgence. Young people are apt to commit excesses from not being aware of the
dreadful consequences that may ensue. Now who that understands this subject will
deny that procreation is lost sooner by those falling into improper habits than by the
prudent. Besides being deprived of the pleasures of healthy offspring, the most serious
and destructive symptoms of both mind and body arise. The system becomes de-
ranged, the physical and mental powers weakened. Lost procreative power, nervous
irritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility,
wasting of the frame, cough, consumption and death.

A CURE WARRANTED.
Persons ruined in health by unlearned pretenders who keep them trifling month
after month, taking poisonous and injurious compounds, should apply immediately.

DR. FISHBLATT.
graduate of one of the most eminent colleges in the United States, has effected some of
the most astonishing cures that were ever known. Many troubled with ringing in the
ears and head when asleep, great nervousness, being alarmed at certain sounds, with
frequent flushings, attended sometimes with derangement of the mind, were cured
immediately.

Take Particular Notice.
Dr. F. addresses all those who have injured themselves by improper indulgence
and solitary habits which ruin both mind and body, uniting them for business, study,
society or marriage. These are some of the sad, melancholy effects produced by the
early habits of youth, viz. Weakness of the back and limbs, pains in the head and
dimness of sight, loss of muscular powers, palpitation of the heart, dyspepsia, nervous
irritability, derangement of digestive functions, debility, consumption, etc.
